

**ESB 5995** - H COMM AMD

By Committee on Ways & Means

1 Strike everything after the enacting clause and insert the  
2 following:

3  
4 "NEW SECTION. **Sec. 1.** Intent. One of the key roles of advisory  
5 boards, committees, and commissions is to provide input, advice and  
6 recommendations from stakeholders, other interested parties, and the  
7 public to state agencies. Some advisory boards, committees, and  
8 commissions may be abolished without detriment to the mission of the  
9 agency each supports. Most of the advisory functions of some boards,  
10 committees, and commissions can be performed without the  
11 administrative costs of maintaining formal organizations. In the  
12 interest of building a leaner, more efficient, and more responsible  
13 government, this vital communications conduit must be maintained for  
14 the benefit of the state and its citizens, through the use of modern  
15 communication technology. It is the intent of the legislature this  
16 interim to identify criteria to evaluate those advisory boards,  
17 committees, and commissions that may be eliminated or consolidated,  
18 and for agencies to identify new, less costly, and more effective  
19 opportunities to ensure a broad range of citizen participation is  
20 provided and that all reasonable efforts are made to ensure that  
21 channels are maintained for vital input from the citizens of  
22 Washington.

20 secretary. The members shall be compensated in accordance with RCW  
21 43.03.220 and reimbursed for travel expenses under RCW 43.03.040 and

23 read as follows:

24 (1) When the department has summarily suspended a license, the  
25 licensee may, subject to the department's approval, elect to  
26 participate in a temporary management program. All provisions of this  
27 section shall apply.

28 The purposes of a temporary management program are as follows:

29 (a) To mitigate dislocation and transfer trauma of residents while  
30 the department and licensee may pursue dispute resolution or appeal of  
31 a summary suspension of license;

32 (b) To facilitate the continuity of safe and appropriate resident  
33 care and services;

34

1 (c) To preserve a residential option that meets a specialized  
2 service need and/or is in a geographical area that has a lack of  
3 available providers; and

4 (d) To provide residents with the opportunity for orderly  
5 discharge.

6 (2) Licensee participation in the temporary management program is  
7 voluntary. The department shall have the discretion to approve any  
8 temporary manager and the temporary management arrangements. The  
9 temporary management shall assume the total responsibility for the  
10 daily operations of the home.

11 (3) The temporary management shall contract with the licensee as  
12 an independent contractor and is responsible for ensuring that all  
13 minimum licensing requirements are met. The temporary management  
14 shall protect the health, safety, and well-being of the residents for  
15 the duration of the temporary management and shall perform all acts  
16 reasonably necessary to ensure that residents' needs are met. The  
17 licensee is responsible for all costs related to administering the  
18 temporary management program and contracting with the temporary  
19 management. The temporary management agreement shall at a minimum  
20 address the following:

21 (a) Provision of liability insurance to protect residents and  
22 their property;

23 (b) Preservation of resident trust funds;

24 (c) The timely payment of past due or current accounts, operating  
25 expenses, including but not limited to staff compensation, and all  
26 debt that comes due during the period of the temporary management;

27 (d) The responsibilities for addressing all other financial  
28 obligations that would interfere with the ability of the temporary  
29 manager to provide adequate care and services to residents; and

30 (e) The authority of the temporary manager to manage the home,  
31 including the hiring, managing, and firing of employees for good  
32 cause, and to provide adequate care and services to residents.

33 (4) The licensee and department shall provide written notification  
34 immediately to all residents, legal representatives, interested family

1 members, and the state long-term care ombudsman program, of the  
2 temporary management and the reasons for it. This notification shall  
3 include notice that residents may move from the home without notifying  
4 the licensee in advance, and without incurring any charges, fees, or  
5 costs otherwise available for insufficient advance notice, during the  
6 temporary management period.

7 (5) The temporary management period under this section concludes  
8 twenty-eight days after issuance of the formal notification of  
9 enforcement action or conclusion of administrative proceedings,  
10 whichever date is later. Nothing in this section precludes the  
11 department from revoking its approval of the temporary management  
12 and/or exercising its licensing enforcement authority under this  
13 chapter. The department's decision whether to approve or to revoke a  
14 temporary management arrangement is not subject to the administrative  
15 procedure act, chapter 34.05 RCW.

16 (6) The department is authorized to adopt rules implementing this  
17 section. In implementing this section, the department shall consult  
18 with consumers, advocates, (~~the adult family home advisory committee~~  
19 ~~established under chapter 18.48 RCW,~~) and organizations representing

13 **Sec. 15.** RCW 70.105D.030 and 2007 c 446 s 1, 2007 c 225 s 1, and  
14 2007 c 104 s 19 are each reenacted and amended to read as follows:

15 (1) The department may exercise the following powers in addition  
16 to any other powers granted by law:

17 (a) Investigate, provide for investigating, or require potentially  
18 liable persons to investigate any releases or threatened releases of  
19 hazardous substances, including but not limited to inspecting,  
20 sampling, or testing to determine the nature or extent of any release  
21 or threatened release. If there is a reasonable basis to believe that  
22 a release or threatened release of a hazardous substance may exist,  
23 the department's authorized employees, agents, or contractors may  
24 enter upon any property and conduct investigations. The department  
25 shall give reasonable notice before entering property unless an  
26 emergency prevents such notice. The department may by subpoena  
27 require the attendance or testimony of witnesses and the production of  
28 documents or other information that the department deems necessary;

29 (b) Conduct, provide for conducting, or require potentially liable  
30 persons to conduct remedial actions (including investigations under  
31 (a) of this subsection) to remedy releases or threatened releases of  
32 hazardous substances. In carrying out such powers, the department's  
33 authorized employees, agents, or contractors may enter upon property.  
34 The department shall give reasonable notice before entering property

1 unless an emergency prevents such notice. In conducting, providing  
2 for, or requiring remedial action, the department shall give  
3 preference to permanent solutions to the maximum extent practicable  
4 and shall provide for or require adequate monitoring to ensure the  
5 effectiveness of the remedial action;

6 (c) Indemnify contractors retained by the department for carrying  
7 out investigations and remedial actions, but not for any contractor's  
8 reckless or willful misconduct;

9 (d) Carry out all state programs authorized under the federal  
10 cleanup law and the federal resource, conservation, and recovery act,  
11 42 U.S.C. Sec. 6901 et seq., as amended;

12 (e) Classify substances as hazardous substances for purposes of  
13 RCW 70.105D.020 and classify substances and products as hazardous  
14 substances for purposes of RCW 82.21.020(1);

15 (f) Issue orders or enter into consent decrees or agreed orders  
16 that include, or issue written opinions under (i) of this subsection  
17 that may be conditioned upon, environmental covenants where necessary  
18 to protect human health and the environment from a release or  
19 threatened release of a hazardous substance from a facility. Prior to  
20 establishing an environmental covenant under this subsection, the  
21 department shall consult with and seek comment from a city or county  
22 department with land use planning authority for real property subject  
23 to the environmental covenant;

24 (g) Enforce the application of permanent and effective  
25 institutional controls that are necessary for a remedial action to be  
26 protective of human health and the environment and the notification  
27 requirements established in RCW 70.105D.110, and impose penalties for  
28 violations of that section consistent with RCW 70.105D.050;

29 (h) Require holders to conduct remedial actions necessary to abate  
30 an imminent or substantial endangerment pursuant to RCW  
31 70.105D.020(17)(b)(ii)(C);

32 (i) Provide informal advice and assistance to persons regarding  
33 the administrative and technical requirements of this chapter. This  
34 may include site-specific advice to persons who are conducting or

1 otherwise interested in independent remedial actions. Any such advice  
2 or assistance shall be advisory only, and shall not be binding on the  
3 department. As a part of providing this advice and assistance for  
4 independent remedial actions, the department may prepare written  
5 opinions regarding whether the independent remedial actions or  
6 proposals for those actions meet the substantive requirements of this  
7 chapter or whether the department believes further remedial action is  
8 necessary at the facility. Nothing in this chapter may be construed  
9 to preclude the department from issuing a written opinion on whether  
10 further remedial action is necessary at any portion of the real  
11 property located within a facility, even if further remedial action is  
12 still necessary elsewhere at the same facility. Such a written  
13 opinion on a portion of a facility must also provide an opinion on the  
14 status of the facility as a whole. The department may collect, from  
15 persons requesting advice and assistance, the costs incurred by the  
16 department in providing such advice and assistance; however, the  
17 department shall, where appropriate, waive collection of costs in  
18 order to provide an appropriate level of technical assistance in  
19 support of public participation. The state, the department, and  
20 officers and employees of the state are immune from all liability, and  
21 no cause of action of any nature may arise from any act or omission in  
22 providing, or failing to provide, informal advice and assistance; and

23 (j) Take any other actions necessary to carry out the provisions  
24 of this chapter, including the power to adopt rules under chapter  
25 34.05 RCW.

26 (2) The department shall immediately implement all provisions of  
27 this chapter to the maximum extent practicable, including  
28 investigative and remedial actions where appropriate. The department  
29 shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

30 (a) Provide for public participation, including at least (i)  
31 public notice of the development of investigative plans or remedial  
32 plans for releases or threatened releases and (ii) concurrent public  
33 notice of all compliance orders, agreed orders, enforcement orders, or  
34 notices of violation;

1 (b) Establish a hazard ranking system for hazardous waste sites;

2 (c) Provide for requiring the reporting by an owner or operator of  
3 releases of hazardous substances to the environment that may be a  
4 threat to human health or the environment within ninety days of  
5 discovery, including such exemptions from reporting as the department  
6 deems appropriate, however this requirement shall not modify any  
7 existing requirements provided for under other laws;

8 (d) Establish reasonable deadlines not to exceed ninety days for  
9 initiating an investigation of a hazardous waste site after the  
10 department receives notice or otherwise receives information that the  
11 site may pose a threat to human health or the environment and other  
12 reasonable deadlines for remedying releases or threatened releases at  
13 the site;

14 (e) Publish and periodically update minimum cleanup standards for  
15 remedial actions at least as stringent as the cleanup standards under  
16 section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at  
17 least as stringent as all applicable state and federal laws, including  
18 health-based standards under state and federal law; and

19 (f) Apply industrial clean-up standards at industrial properties.  
20 Rules adopted under this subsection shall ensure that industrial  
21 properties cleaned up to industrial standards cannot be converted to  
22 nonindustrial uses without approval from the department. The  
23 department may require that a property cleaned up to industrial  
24 standards is cleaned up to a more stringent applicable standard as a  
25 condition of conversion to a nonindustrial use. Industrial clean-up  
26 standards may not be applied to industrial properties where hazardous  
27 substances remaining at the property after remedial action pose a  
28 threat to human health or the environment in adjacent nonindustrial  
29 areas.

30 (3) To achieve and protect the state's long-term ecological  
31 health, the department shall prioritize sufficient funding to clean up  
32 hazardous waste sites and prevent the creation of future hazards due  
33 to improper disposal of toxic wastes, and create financing tools to  
34 clean up large-scale hazardous waste sites requiring multiyear

1 commitments. To effectively monitor toxic accounts expenditures, the  
2 department shall develop a comprehensive ten-year financing report  
3 that identifies long-term remedial action project costs, tracks  
4 expenses, and projects future needs.

5 (4) Before December 20th of each even-numbered year, the  
6 department shall:

7 (a) Develop a comprehensive ten-year financing report in  
8 coordination with all local governments with clean-up responsibilities  
9 that identifies the projected biennial hazardous waste site remedial  
10 action needs that are eligible for funding from the local toxics  
11 control account;

12 (b) Work with local governments to develop working capital  
13 reserves to be incorporated in the ten-year financing report;

14 (c) Identify the projected remedial action needs for orphaned,  
15 abandoned, and other clean-up sites that are eligible for funding from  
16 the state toxics control account;

17 (d) Project the remedial action need, cost, revenue, and any  
18 recommended working capital reserve estimate to the next biennium's  
19 long-term remedial action needs from both the local toxics control  
20 account and the state toxics control account, and submit this  
21 information to the appropriate standing fiscal and environmental  
22 committees of the senate and house of representatives. This submittal  
23 must also include a ranked list of such remedial action projects for  
24 both accounts; and

25 (e) Provide the legislature and the public each year with an  
26 accounting of the department's activities supported by appropriations  
27 from the state and local toxics control accounts, including a list of  
28 known hazardous waste sites and their hazard rankings, actions taken  
29 and planned at each site, how the department is meeting its waste  
30 management priorities under RCW 70.105.150, and all funds expended  
31 under this chapter.

32 (5) (~~The department shall establish a scientific advisory board  
33 to render advice to the department with respect to the hazard ranking  
34 system, cleanup standards, remedial actions, deadlines for remedial~~

1 ~~actions, monitoring, the classification of substances as hazardous~~  
2 ~~substances for purposes of RCW 70.105D.020 and the classification of~~  
3 ~~substances or products as hazardous substances for purposes of RCW~~  
4 ~~82.21.020(1). The board shall consist of five independent members to~~  
5 ~~serve staggered three year terms. No members may be employees of the~~  
6 ~~department. Members shall be reimbursed for travel expenses as~~  
7 ~~provided in RCW 43.03.050 and 43.03.060.~~

8 ~~—(6))~~ The department shall establish a program to identify  
9 potential hazardous waste sites and to encourage persons to provide  
10 information about hazardous waste sites.

11 ~~((+7))~~ (6) For all facilities where an environmental covenant has  
12 been required under subsection (1)(f) of this section, including all  
13 facilities where the department has required an environmental covenant  
14 under an order, agreed order, or consent decree, or as a condition of  
15 a written opinion issued under the authority of subsection (1)(i) of  
16 this section, the department shall periodically review the  
17 environmental covenant for effectiveness. Except as otherwise  
18 provided in (c) of this subsection, the department shall conduct a  
19 review at least once every five years after an environmental covenant  
20 is recorded.

21 (a) The review shall consist of, at a minimum:

29 read as follows: The director shall: (1) Design a program,  
30 consistent with RCW 70.149.120, for providing pollution liability

33 the state of Washington from unwanted or unanticipated liability for  
34 accidental release claims;

1 (2) Administer, implement, and enforce the provisions of this  
2 chapter. To assist in administration of the program, the director

23 heating oil tanks;

24 (9) Implement a program to provide advice and technical assistance  
25 to owners and operators of active and abandoned heating oil tanks if  
26 contamination from an active or abandoned heating oil tank is  
27 suspected. Advice and assistance regarding administrative and  
28 technical requirements may include observation of testing or site  
29 assessment and review of the results of reports. If the director  
30 finds that contamination is not present or that the contamination is  
31 apparently minor and not a threat to human health or the environment,  
32 the director may provide written opinions and conclusions on the  
33 results of the investigation to owners and operators of active and  
34 abandoned heating oil tanks. The agency is authorized to collect,

20 heat council, the Washington oil marketers association, the western  
21 states petroleum association, and the department of ecology and three  
22 members from among the owners of home heating oil tanks registered  
23 with the pollution liability insurance agency who are generally  
24 representative of the geographical distribution and types of  
25 registered owners. The committee should meet at least quarterly, or  
26 more frequently at the discretion of the director; and~~

32 actuarially sound system to pay incurred losses, within defined  
33 limits.

34

1 (2) The liability account shall be used to pay claims for injury  
2 and property damages and legal defense costs exclusive of agency-

21 written request to the state treasurer from the risk manager.

22 (7) The director may direct agencies to transfer moneys from other  
23 funds and accounts to the liability account if premiums are  
24 delinquent.

25 (8) The liability account shall not exceed fifty percent of the  
26 actuarial value of the outstanding liability as determined annually by  
27 the risk management division. If the account exceeds the maximum  
28 amount specified in this section, premiums may be adjusted by the risk  
29 management division in order to maintain the account balance at the  
30 maximum limits. If, after adjustment of premiums, the account balance  
31 remains above the limits specified, the excess amount shall be  
32 prorated back to the appropriate funds.
